Attended a meeting for organizing a project to pave the Rails to Trails from Baldwin to Reed City. This project would help connect Baldwin to the Mackinac Trail and as far east as Midland MI. Currently, many users are discouraged from using this section of the trail due to the loose gravel surface. The meeting was well attended and support for the project continues to grow.

Truxton -

Pleased with the later season mowing along State Trunklines as tall grasses have proven to be an issue this year. Continued mowing has helped to improve visibility.
